

A SYNTHETIC LUBRICANT BASESTOCK AND AN
INTEGRATED FISCHER-TROPSCH PROCESS FOR ITS PRODUCTION

ABSTRACT OF THE DISCLOSURE

5

[49] An integrated Fischer-Tropsch process for production of a synthetic lubricant basestock incorporating light Fischer-Tropsch products by oligomerizing such light Fischer-Tropsch products is provided. Synthetic lubricant basestock produced by an integrated Fischer-Tropsch process is also provided.
